

Make a submission to council

Areas of concern you may like to include in your submission:

Effect on the look and feel and cultural heritage of Moona Moona creek

- The effect on what is an iconic family-friendly location and its scenic values
- This is a culturally important area
- The design is more the modern city style than a more traditional beachside style

Scale of the development

- The scale of this development exceeds community expectations
- The plans ask for an additional 2.2 metres above the existing height limit of 13 metres for this area
- Covers practically the entire land area, exceeding the allowable ratio of 0.8:1

Loss of unburnt & endangered forest

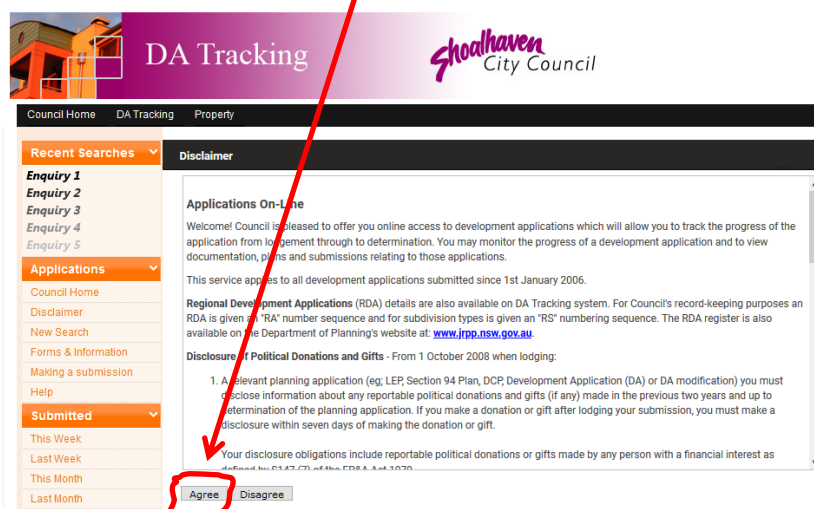

- This is one of the few patches of natural bush along the creek and one of the few places unburnt
- This is an endangered Bangalay Sand Forest ecosystem, the development will clear almost all the block

Effect on the character of Huskisson

- We don't want to be another Gold Coast
- Tourists select this area for its natural beauty, don't destroy the very reason it is popular.

To make your submission:

1. You have to go to the Shoalhaven City Council website at the link below:
<http://www3.shoalhaven.nsw.gov.au/masterviewUI/modules/ApplicationMaster/Default.aspx>
