**IN**

- a. HWCV website has link to AEC and information on Council candidates – provides clear information.
- b. Work has resumed on the facility to sort our recycled waste (yellow bins) in house instead of sending to Sydney.  
Note this is a different facility to the proposed BioElektra facility that would have processed and sorted our red bins.
- c. Cats and dogs to be microchipped by 12 weeks of age
- d. TfNSW is available to talk with regarding the highway upgrade – Friday 23<sup>rd</sup> August, Tomerong Hall, 2 to 6pm

Reminder about the Sydney St / Bowen St DA – not too late to put in a submission. (Put in next email out)

We were provided with information that noise problems from short term rental should be reported to police; with some rental providers after 3 or 5 complaints they will have to close

DA for 3 townhouses in Woollamia on the flood plain. Margot writing a submission – concerns will impact existing residents re floods.

Meeting agreed letter can come from HWCV

**8. Boundary of the HWCV**

Penny to check with VRRRA and Tomerong Forum re their boundaries, if no clash we will indicate an area bounded by Currumbene Creek, the Princes Highway, Jervis Bay Road, Moona Moona Creek

**9. Tour of Huskisson Sewerage works**

some interest at meeting; will put in the next email out. People to contact Lou.

**10. General Business**

**a. Roundabout**

Council felt the cost of labour to remove cement was the main cost in choosing not to plant the roundabout.  
Apparently cars are driving straight over the roundabout.

**b. Church update** – the HHA has requested the owner to remove fence and undertake maintenance work, and offered to assist with maintenance.
